

Managers Minute

To Our Members,

It is a new Year ! I hope everyone had a good holiday season and that they are thankful for all that we have,

With the new year we face new challenges, our economy is still not doing too well and I know things are still hard for a lot of people. Even the people that work are having a hard time. It must be even harder for those that are without work. As an American Legion we are about the community and the children among other things, I hope that some of you can find time to volunteer with some of our things that we do and become a bit more involved. We are working with the MD Food Bank to help provide a little every month to the local community for those that are in need of a bit of help.

I ask you that you continue to support us and enjoy the time you spend here.

I welcome everyone's suggestions and I want to hear from you what entertainment and events you want to see I am here to try and have things that most people enjoy.

Sincerely,

Dave Sewell

We ask you be patient during busy times.

**On night's there is wait staff working,
we ask that you please have a seat and
someone will take your order. We are a
small kitchen and we try as hard as we
can to get your meal out as fast as possi-
ble, when people come to the door
when it's busy it just slows everyone's
order down more.**

Thank You.....
